

January 7, 2026

Dear Valued Customer:

Effective with new orders received January 7, 2026, we are increasing the published price on **wide flange beams, standard beams, and miscellaneous beams** by \$3.00/cwt (\$60 per net ton USD) and **piling and select angles and channels** by \$4.00/cwt (\$80 per net ton USD).

In addition, effective with new orders received January 7, 2026, we are increasing the published price on most **angles, channels, flats, rounds, and squares** by \$2.50/cwt (\$50 per net ton USD).

All confirmed orders as of the close of business on January 6, 2026, will be price protected if shipped before January 21, 2026.

We will continue to monitor the market to ensure GerdaU and our partners are on a competitive playing field and reserve the right to make adjustments to our pricing policy as needed.

A new price list will be sent under a separate cover. Please note certain merchant sizes are being updated to inquire, additional information available on the new price list dated 1/7/2026.

If you have any questions, please contact your GerdaU Long Steel North America Representative, or call our Tampa Sales Office at 1-800-237-0230, or our Midlothian Sales Office at 1-800-527-7979.

Sincerely,

A handwritten signature in black ink that reads 'Scott Meaney'.

Scott Meaney
